

1.Specification

Power	1500+/-50W
Steam Flow	28±2g/max,18±2g/min
Working Time	12-15 minutes/per
Steam Outlet Temperature(body vents)	110-130℃
Pump Flow(load)	80-100 ml/min
Cable Length	5M

2.Features

Variable Steam Control;

Water Filtration System to filter,the water dirt and protect pump;

360 Degree mop head swivels for easy use;

5 Extra small tool for multi-clean Function;

Carpet triangle skateboard

3.Packing Information

Unit Dimension(mm)	260*190*1200	
Packing Dimension(mm)	690*140*210	
Loading Quantity(PCS)		
20'GP	40'GP	40'HC
1300	2700	3200

Production Process

Injection Moulding Machine
