

- **Powerful Suction for Deep Cleaning**—The cordless vacuum features a powerful 260W brushless motor with 30Kpa suction power for deep cleaning. It effortlessly removes dust, dirt, and pet hair from all surfaces, leaving your home sparkling clean.
- **Up to 50 Mins Running Time**—Improved with 7*2200mAh batteries, this rechargeable vacuum cleaner breaks the conventional 5-6 battery design. It can run for 15 minutes at max suction and 50 at min suction, and only takes 4-5 hours to fully charge. Ideal for everyday cleaning tasks with a longer battery life and quicker charging time.
- **Strong and Fade-Free Suction**—Say goodbye to the hassle of constantly cleaning or replacing filters with our powerful vacuum cleaner. Its innovative design effectively separates air and dust, preventing pre-filter clogging and maintaining strong suction power. Enjoy uninterrupted cleaning performance and say hello to a cleaner home with ease.
- **V-shaped Upgraded Flexible Brush**—The upgraded V-shaped rolling brush on this vacuum cleaner reduces hair entanglement. Its brush head swivels from 0° to 150° sideways and 0° to 90° up and down, allowing for better maneuverability. With 6 bright LED lights, even hidden dust in corners is easily seen and cleaned, making for a more thorough clean.
- **5-stage High-efficiency Filtration**—The cordless stick vacuum cleaner features an advanced cyclone system that effortlessly captures 99.9% of even the tiniest dust particles, ensuring clean and purified air. Keep your home clean and fresh with this convenient and efficient vacuum cleaner.
